Course Overview

This two-day class is the **core course** and the first step in earning Recycling Professional Certification. Whether initiating a new recycling program, maintaining and improving a current program or starting a new position, a recycling professional can expect to be met with a variety of tasks and challenges. This course will help develop and improve the knowledge and skills needed to fulfill these responsibilities.

The training entails an overview of each section in the Core Manual by experienced professionals on subjects vital to building, implementing, and sustaining a successful recycling program from the ground up for beginning or experienced coordinators, solid waste managers or others in related fields. Upon completion of this course, participants will receive a Penn State certificate verifying the 1.4 CEUs earned toward Recycling Professional Certification.
