Professional Certification: Pennsylvania State University at Altoona and the DEP partner with PROP to educate recycling professionals on all aspects of the solid waste, organics and general recycling industries. The nationally recognized PROP certification program has over 900 attendees from across the country. There are over 180 Certified Recycling Professionals. PROP's certification program also offers seven specializations: Composting, Processing, Collection Systems, Recycling Education, Recycling Markets, Management and Enforcement. PROP currently has five certification classes that are web-based. The five online courses are: Introduction to Recycling, Collection Techniques & Options, Backyard Composting Basics, Introduction to Special Materials and Special Materials Recycling & Disposal.
