Course Overviews

135 - Waste Audit: Participants will learn about the steps required to plan and implement a successful commercial recycling program, conduct a waste assessment in an institutional setting, and organize/present findings. Upon completion of this course, participants receive a Penn State certificate verifying 0.6 CEUs.

130 - Commercial Recycling: Participants will learn about commercial recyclable materials collection/processing and incorporating sustainability concepts into a university recycling program. Upon completion of this course, participants receive a Penn State certificate verifying 0.4 CEUs

Who Should Attend

Municipal, county, state, and recycling and waste professionals from the commercial, public and private industries who are interested in recycling and those interested in obtaining or maintaining their certification.
